SUMMARY:

Full Stack software developer with **2+** years of experience in building applications, possessing expertise in both front-end and back-end development, and a strong focus on creating efficient, scalable solutions.

EXPERIENCE:

Full Stack Developer (FSD) - CodenCreative | Feb-2024 - Present

- Built web applications that ran faster, kept users engaged, and made data visualization more intuitive.
- Collaborate cross-functionally to successfully deliver projects on time, exceeding client expectations.
- Developed and maintained a scalable, high-performance **e-commerce platform**, improving site **performance by 30%** and boosting user engagement by **20%** through optimized code and experience.
- Led frontend development for a **research application**, creating dynamic and highly interactive **chart components**, significantly improving data visualization and overall user **satisfaction by 25%**.

Full Stack Developer (FSD) - BlackWater Coffee Pvt Ltd. | Dec-2022 - Jan-2024

- Engineered a high-performance **Point of Sale (POS) system**, reducing checkout times by **40%** and improving overall operational efficiency through optimized workflows and enhanced system reliability.
 - Developed an **advanced product management module** and an intuitive **Kitchen Display System (KDS)**, reducing stock discrepancies by **30%** and expediting order fulfillment.
 - Worked closely with inventory, kitchen, and finance teams to **integrate features seamlessly**, ensuring a smooth workflow.
-

PROJECTS:

Collaborative Sketchbook Platform ([Link](#))

- Built a **real-time collaborative sketchbook** allowing multiple users to draw, sketch, and interact seamlessly across devices with instant synchronization and a smooth user experience.
- Enabled **live synchronization** between users via **Socket.io**, ensuring instant updates across devices.
- Developed using **Node.js, React.js, Express, Tailwind CSS**, and **Socket.io** for a responsive, scalable, and high-performance experience with real-time collaboration and seamless user interactions.

Job Portal ([Link](#))

- Developed a **full-stack job portal** for students and recruiters, streamlining job searches, applications, and secure authentication with a user-friendly and highly efficient interface and experience.
 - Developed using **Node.js, React.js, Express, Redux, Tailwind CSS, MongoDB, and Cloudinary**.
 - Implemented **user authentication and authorization** using **JWT & Sessions** for secure access.
-

TECHNICAL SKILLS:

- **Frontend** - JavaScript, React.js, Redux, Nextjs13, TypeScript, CSS, Tailwind CSS
 - **Backend** - Node.js, Express.js, TypeScript
 - **Databases** - MySQL, MongoDB
 - **Tools** - Git, GitHub, Postman, Cloudinary, Socket.io
-

EDUCATION:

Amritsar College of Engineering & Technology

Bachelor of Technology in computer science

2019-2023

C.G.P.A - 7.4
